Kingborough Sports Centre

The Kingborough Sports Centre is one of the only council run community sports centres in Tasmania, offering a range of sports, including basketball, netball, squash, volleyball, martial arts, gymnastics, indoor cricket and table tennis. It also offers:

- Facility hire for all types of events
- A well-equipped fitness centre with highly-qualified staff and a variety of fitness classes and personal training options. Equipment includes treadmills, upright exercise bikes, recumbent exercise bikes, and weights.
- Classes such as Spin, Step, Punch, Pump'd, the Sufferfest, Cycology and Staying Active (over 55's).
- Pilates classes for beginners and advanced participants.
- On-site café.

Decrolux was approached by the electrical wholesaler to provide a retrofit of new updated LED lighting. The lighting upgrade has improved the conditions of the sports centre, and reduced power consumption and maintenance costs.

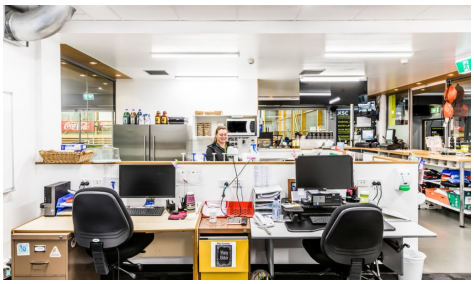

PROJECT DETAILS

Location	Kingston, TAS
