

EXODUS AQUA67 4W

Weatherproof IP67 Jumbo Exit Light

Synthium LED Surface Mounted Weatherproof IP67 Exit Light c/w Synthium Battery. The AQUA67 is a sturdy wall mounted LED Exit Light that is designed to withstand external environments and harsh weather conditions. It produces excellent illumination with a long lasting battery for years of dependable exit lighting.

It has a robust, water-tight polycarbonate enclosure, providing excellent protection against water and dust. Suitable for car parks, exposed stairwells, indoor swimming centres, construction zones, train stations and cool rooms. (C0-E2.5 C90-E1.6)
