

HUME 400W

Linear Highbay

The HUME 400W Linear Highbay is a major advancement in replacing fluorescent aisle light products found in today's warehouse lighting sector. It is the new benchmark in linear lighting surpassing traditional light sources in terms of versatility, energy efficiency and weather/vandal resistance.

Using our HUME Linear Highbay is the most efficient way of lighting narrow aisles, using our precisely designed asymmetric optics. For lighting Warehouse Aisles.

IP65

SPECIFICATIONS

Material Specifications

Material	Aluminium Housing
Finish	Black Anti-Corrosive Powder Coat
Dimensions	1214mm(L) x 230mm(W) x 173mm(H)
Ingress Protection	IP65
Weight	11.5kg
Warranty	5 Year Replacement

Electrical Specifications

System Watts	400w
Power Supply	SOSEN
Operating Temperature (Ta)	-20°C to +50°C
Connection Method	Australian 3-Pin Plug + 1.2m Lead
Input Voltage	240V

Optic Specifications

Light Source	Philips 448pcs EMC3030, 400W LED
Optics	PMMA Lens
Nominal Lumens	64,000lm
Efficacy	Up to 160 lm/w
CRI	80Ra
Rated Lifetime (L70B20)	50,000 Hrs

VARIATIONS

LC2230	HUME 400W Linear Highbay, Black, 60°, Non-Dim, 5700K, 64,000lm
LC2231	HUME 400W Linear Highbay, Black, 140°x80°, Non-Dim, 5700K, 64,000lm
