

# HUME 300W

## Linear Highbay

The HUME 300W Linear Highbay is a major advancement in replacing fluorescent aisle light products found in today's warehouse lighting sector. It is the new benchmark in linear lighting surpassing traditional light sources in terms of versatility, energy efficiency and weather/vandal resistance.

Using our HUME Linear Highbay is the most efficient way of lighting narrow aisles, using our precisely designed asymmetric optics. For lighting Warehouse Aisles.

**IP66**

### SPECIFICATIONS

#### Material Specifications

<b>Material</b>	Aluminium Housing
<b>Finish</b>	Black Anti-Corrosive Powder Coat
<b>Dimensions</b>	855mm(L) x 290mm(W) x 125mm(H)
<b>Ingress Protection</b>	IP66
<b>Weight</b>	12.6 kg
<b>Warranty</b>	5 Year Replacement

#### Electrical Specifications

<b>Power Supply</b>	Meanwell ELG-C Driver, Non-Dim
<b>Options</b>	1-10V Dimming Available
<b>Operating Temperature (Ta)</b>	-20°C to +55°C
<b>Connection Method</b>	Australian 3-Pin Plug + 1.2m Lead
<b>Input Voltage</b>	240V

#### Optic Specifications

<b>Light Source</b>	Lumileds EMC3030, 300W LED
<b>Optics</b>	PMMA Lens
<b>Nominal Lumens</b>	36,800lm
<b>CRI</b>	80Ra
<b>Rated Lifetime (L70B50)</b>	50,000 Hrs

### VARIATIONS

<b>LC2329</b>	HUME 300W Linear Highbay, Black, 90°x60°, Non-Dim, 5700K
<b>LC2335</b>	HUME 300W Linear Highbay, Black, 145°x70°, Non-Dim, 5700K
