Proven. Quality. Customisable

LITHO 9W
Round Exterior Ceiling Light

The LITHO Surface Mount Can Light, made from cast aluminium with a sandy anthracite powder coated finish, is perfect for walkways, hallways, amenities, under eaves and where recessed downlights aren't suitable. Designed to be compact and easy to install, the lightweight IP65 can light is suitable for use in a number of external applications where dust and water are present. The routed line details in the shell gives it that touch of styling while maintaining a minimalist aesthetic.
