NEON FLEX 12W

RGBW Side Bending Cable

The NEON Flex 12W RGBW Cable is a cutting-edge product in the world of LED Neon Flex technology. By using SMD chips that are more closely spaced and housed in an ultra-thin casing, this product is capable of producing bright, vivid colors while also being easy to install and highly durable. With its energy-efficient design and versatile capabilities, the NEON Flex 12W RGBW Cable is an excellent choice for anyone looking to enhance their lighting setup with the latest technology.
