

RYLAND 145W

Circular Pendant 2000mm

The RYLAND 2000mm Circular Pendant combines timeless character with the latest LED technology. It is a suspended luminaire inspired by subtle architecture where a ring of extruded aluminium takes a different visual guise depending on the selected colour; black or white. Powered via the suspension wires from the driver at the ceiling cup, the RYLAND has optics that effectively distribute a balanced light with an inviting colour temperature.

IP44

SPECIFICATIONS
