

Aluminium Reflector

to suit 120W-200W VENUS Highbay

The Aluminium Reflector is a great option to control the light output of the VENUS Highbay fitting, as it can reduce glare by controlling the light to a 70-degree beam angle. Made of durable and lightweight aluminium, it is available in a silver or black $finish.\ With\ its\ practical\ and\ stylish\ design,\ the\ Aluminium\ Reflector\ is\ a\ great$ addition to any project that requires efficient and effective lighting.

Also creates a much softer look, to use a high output light in a commercial, or retail space.
