

# VULCAN 1200W

## Sports Floodlight

### Classic Series

Proven. Quality. Customisable

The VULCAN 1200W Floodlight is a striking, low-profile design and advanced in-built thermal management. The latest generation floodlight is a highly reliable fitting that requires very low maintenance. Producing a vivid white light that renders colours as they are meant to be seen, this revolutionary fitting has helped redefine high-output illumination as we know it.

Using a versatile 240V-415V Integrated driver, it has an inbuilt thermostat, which will dim the light to 25% if the lights are overheating. When installed correctly, these lights are guaranteed with a five year warranty.

IP66

## SPECIFICATIONS

### Material Specifications

<b>Material</b>	Aluminium Body
<b>Dimensions</b>	396mm (W) x 1175mm (H) x 195mm (D)
<b>Ingress Protection</b>	IP66
<b>Impact Rating</b>	IK09
<b>Weight</b>	32kg including driver
<b>Warranty</b>	5 Year Replacement*
